## **GOT POLLEN??**

Man, I thought being Mayor during a hurricane was tough... Now a global pandemic? What's next Godzilla??

Ok, I'm not a Doctor, so you get what you pay for here:

-Our Wonderful Village Fire Department and Police Department are all over the Corona Virus situation, they sent out several updates and suggestions (see attached) as to how best prepare. Nothing to add to that, and we will keep updates coming as they are received.

-I will not add to the hysteria the media is promoting. Life in Hunters Creek will remain as normal as possible

-All City services will continue uninterrupted.

-All Council/City meetings will continue uninterrupted.

-The Wonderful Farmers Market will continue as usual, uninterrupted. Go out and support our local farmers/vendors who no longer have the Rodeo to depend on.

-Get out and enjoy the abounding Blooms of Spring.

-No hugs, kisses, or handshakes, just smile, wave and give an air-hug to your neighbors (who don't want to hug you anyway). Let's be safe as possible.

Ok, that's all I know. Let's keep Hunters Creek an oasis of sanity and calm in a crazy world.

Air Hugs,

Mayor Pappas
