

City of Hunters Creek Village Phone: 713-465-2150 www.cityofhunterscreek.com

Well, Summer came a few months early this year...

OK, here's today's news:

-I'm still amazed at how many of our residents are not signed up for our Vline/community notifications. And even more amazed at those who get them and don't correctly read them or open the informative attachments.

You can see from the attached map, those homes that get and don't get our notifications. Some might not have access to internet or computers or just never did it, but NOW'S A CRITICAL TIME! ESPECIALLY FOR SENIOR CITIZENS.

-If you see a neighbor on the map or recognize an address, please forward this email it to them or call them and tell them to go to www.cityofhunterscreek.com and **REGISTER TO RECEIVE COMMUNITY ALERTS**. This is a critical time for us to get as much of the critical, credible information out to as many residents as possible, so please help out in this effort. If the map show's an address that has signed up and it is not correct, please let us know at City Hall to correct. Send an email correcting such to crdozier@cityofhunterscreek.com.

-After this push for sign-ups, we're considering mobilizing a student army to go door to door and sign those up who aren't. The kids are probably driving you nuts anyway and it would get them out of the house. (more info to follow later)

-Please support our local restaurants via Take out or delivery through this difficult time. We're working on another food option that will be huge for our Village (hopefully, more info to follow soon).

-Garbage and Recycling pick-up will continue as usual. Please bag all garbage and remember to rinse all recyclable items before placing them in the recycling bin.

-Earlier this week, our Memorial Village Police Chief sent out a registry for Seniors and Special Needs Residents. Please make sure anyone you know in Hunters Creek signs up for such, if needed. It also includes a daily "***Welfare Call***" for those who might need it. This is huge. NO ONE else does this and is why we have the best Police Dept. in the Nation.

-Lastly, our Police suggested we all fly the Red White and Blue at our homes during these trying times to show unity and solidarity. Also to show our First Responders we're with them.

Please remember, everyone here is doing the best they/we/ I can in this unprecedented and historic time. Patience, Care, Love and PRAYER will get us through this. I've tried to keep things as light as possible, as I've always done thru the years. Of course, there's some haters out there hating, but all things considered, we're doing pretty well at this point. Thanks for all the positive emails, texts and calls of support, and I'll keep communications coming when the situation warrants.

That's all I got for now. Please, Please spread the word about the Vline sign up, this is a huge deal for all of our City services/Police/Fire moving forward and will save me hundreds of phone calls....

How 'bout instead of shaking hands and greeting them normally, you simply ask, "Hi, are you signed up through *Vline* to receive Village emails?"....

Thanks, and Continued Air Hugs,

Mayor Jim Pappas
