Hello Neighbors,

I'm not saying "Hello Sports fans" anymore, as I'm done with all sports, at least until the end of the year...

All is very well in Hunters Creek. We've made it to the last quarter of 2020, almost done!

Here are a few announcements and items of interest in the coming months:

**-OUR ELECTIONS WILL TAKE PLACE AT THE FIRST CONGREGATIONAL CHURCH (where the Farmers Market is) ON TUESDAY, NOV. 3RD.**

-Saturday, October 17th at 6pm the First Congregational Church is hosting the Apollo Chamber Players for an outdoor concert in the center park at the Church. Free admission, just bring a chair/blanket/libation and enjoy.

-There will be a Children's Halloween Carnival, Sat. Oct. 31, 9am-12 at the park behind City Hall. Sponsored by the new Hunters Creek Living Magazine.

-The Farmer's Market continues every Saturday morning with lots of great Fall offerings, come check it out.

-License to Carry (LTC) and "Practical Tactical" Class will be offered again at City Hall this month. LTC – October 14<sup>th</sup> and 21<sup>st</sup> @ 5:30pm. And the Practical Tactical on October 22<sup>nd</sup> @ 5:30pm. Please email Randy Woodum [RCW@AllServicesCorp.com](mailto:RCW@AllServicesCorp.com) to reserve your spot.

-While I'm sorry if you've lost your pet, please do not put signs up on our beautiful sign poles. The tape/adhesive ruins the finishes on the expensive poles! As your phone number is on the flyers stuck to the poles and it's the 100th time I've said this.... we have your number...don't make us call you.

-While I'm happy you are excited to support your candidate, please keep your signs out of the "right of way" on the streets. Just keep them within 10 feet from the edge of the street on your property to be safe. This goes for you too Girl Scouts, and any other sign in the Right of Way.

We will pick them up in the right of way and keep them behind City Hall if you want to get them and re-place them correctly.

-The Annual "Pumpkin Patch" pumpkin sale will not take place at the Congregational Church this year.... Thanks Corona....

In closing, I've been lectured to/scolded/cursed out, many times over the past months from every amateur Epidemiologist/disease expert in the Village for trying to keep things as open and normal as possible during this insane time. We have taken all suggested precautions and measures to protect our residents and staff at City Hall during this time. Fear will not rule our actions and we are returning to normalcy as quickly as possible, all while staying safe.

Our Fire Chief has gotten weekly reports from the County Health Department and to date, we have had ZERO reported deaths due to Coronavirus in Hunters Creek. We have had several reported cases but all that have been reported have recovered. Also, Zero reported deaths in all the Villages combined, with many recoveries. Wear masks if you so choose, social distance, keep isolated if you so choose. I say this simply to recognize how Blessed we have been and continue to be.

I've consistently asked for your prayers for our City and Nation throughout this time, and I open each Council meeting with a prayer of God's protection over our City/staff/police and fire/military and our President and elected officials. I have NO doubt that these prayers are what has kept Hunters Creek Village remarkably protected throughout this time, so keep them coming!

OK, that's it. Go enjoy Fall.

Jim Pappas, Mayor
