## HELLO NEIGHBORS!

It's been awhile since my last message, that's good.....no news is good news, and less of me is a good thing!

Anyone sweating yet? We're in a full-on summertime weather pattern in Houston. Nothing new here, just plan for afternoon showers and heat, you know the drill.

OK, Here's the news:

-Many residents are on vacation, traveling, catching up on what we missed last year. If you will be gone, please register your house for MVPD house watch by simply calling our Police dept 713-365-3700 and set it up. A great program for us, and great peace of mind while traveling.

-Yes, I'm aware Beinhorn is a mess, thanks. We waited until all the big trucks from Hunters Creek Elementary construction were gone and now, they are. We're pushing hard for the work to re-pave Beinhorn to be complete before school starts. Now if only the weather would cooperate, we will get it done.

-Speaking of Hunters Creek Elementary, it is finished, looks Spectacular and ready for Fall classes!

-Voss road esplanade beautification to be starting soon from I-10 to south of Memorial Drive, the full length of what we control. This will be a huge improvement to the major throughfare thru our Village.

-City Council had our annual Budget workshop last month. Again, Balanced Budget, Lowest Tax rate in the Region (that will not change) and all proposed projects fully funded with no debt.... (If only Washington, Austin and downtown Houston could do the same...did you really think I wouldn't say it again?)

-Recent lawsuit and proposed changes to our SBISD governance you have read and heard about is very bad to our school quality and ultimately our property values. If you feel so moved, as I did, please let our SBISD School Board know of your feelings regarding the issue and let them know we're watching. Kudos to our resident Board Member Chris Earnest for standing strong for our Schools! [www.Springbranchisd.com](http://www.Springbranchisd.com) is the website with their email addresses, so please take a minute and voice your opinion, this is a big deal.

-If you are in town, the Farmer's Market is every Saturday from 9am-1pm.... go check it out. While our venue is beautiful, you can close your eyes and pretend you're somewhere else, perhaps the mountains or anywhere else cooler than Houston...Live music, great food, it's awesome.

-Hurricane season is upon us and lots of calls for Gas Generator recommendations. Texas Elite Generators does the City Hall generators and does a great job in our experience. Call Lacie at 832-309-2398 IF YOU WANT. Tell her you are a Hunters Creek resident to get special pricing. Demand is WAY WAY up and timing is key to getting them installed as the freeze/Hurricane season has put most generator companies as much as ten months out. Otherwise, get a long extension cord and get power from your neighbors who did get theirs done.

-Another reminder about our weekly recycling program...Please see attached to answer all of your questions regarding such. **NOTE: Recyclable items cannot be placed together in a plastic bag, or the entire contents of the bag will be discarded as unrecyclable garbage.**

OK, that's it. School will be upon us in no time so have some Ice Cream and remember how locked down we were last year.... We're good again.

Jim Pappas
