### HOWDY NEIGHBORS,

Here's the latest and greatest:

-We're off and running with the new Spectacular Hunters Creek Elementary School, it's awesome. We're finishing up crosswalk striping and crosswalk signage. Getting some drop off/pick up issues worked out so you school parents please adhere to rules and notices from the school relating to such.

-Beinhorn Road rebuild is complete and is awesome too. Done in 3 weeks, a new World Record, confirmed by Guinness. Driveway approaches, striping and edging, and ditch cleaning being done this week and we're finished. Thanks for your patience here, I know it's been a mess but worth it.

-Our biggest issue moving forward is our old and failing drainage system. As with mine and many other 50+ year old bodies, many of our outfalls are failing. We are working on them feverishly within budgetary constraints and many repairs coming soon. As we all know, flooding is a huge issue in Houston, but for us here in Hunters Creek, we have awesome drainage when it's in good working order and we're all over getting it repaired asap. With the Tropical system coming towards us, please make sure that your yard drains and inlets are clear of debris, leaves and sticks to insure it works properly in case of a deluge

-Playground behind City Hall is complete. New climbing gym is in. Call city hall and book your Birthday, team, whatever parties for our Gazebo. Grills, Smokers, fancy lights, it's awesome and FREE.....

-Voss at Beinhorn intersection upgrades are finally complete.

-Voss esplanade beautification will be starting in the coming months; it will really dress up our main thoroughfare and look great.

-First ever Memorial Villages BBQ cookoff at City Hall is in the works when it cools off. More info to follow...
