PINEY POINT
~~~~~~
No activity reported.

CRIME PREVENTION TIPS
~~~~~~
Citizen involvement is one of the most important elements in community crime prevention. It is impossible for the police to be everywhere at once and this is where citizen involvement places a very important role.

When citizens get to know their neighbors and help to watch out for each other it makes it much more difficult for criminals to operate in the community. The following recommendations are things that citizens can do to help keep their neighborhoods safe.

Get to know your neighbors and help each other out. When a neighbor is going to be out of town, pick up their papers and mail. Several day's worth of papers and mail in plain view is a sure sign to criminals that a resident is away from home.

Be vigilant and report suspicious activity to the police. Residents know when a vehicle or person is out of place in the neighborhood. When you call in any type of suspicious activity, be prepared to explain to the call taker what makes the vehicle or person you are reporting suspicious. Give as much information as possible to assist responding officers in locating the vehicle or person you are reporting.
