Good Tuesday Morning Hunters Creek!

Football season is over. Our weather is insane. Everything is brown.

Now for the Good News

-The construction work being performed on Voss Rd. by Memorial Villages Water Authority is $\frac{1}{4}$ complete. This work is desperately needed to repair the sewer lines serving the majority of our village (see attached map) and the others to the west of us. I know the traffic is horrible and MVPD and the Authority are doing as much as possible to mitigate the traffic. We who live here know alternative routes around Voss, so please use them. 80% of morning and afternoon traffic (when it's worst) is non-resident cut through traffic, so if possible, avoid it for the time being. I know it is inconvenient, but I guaranty, a little traffic is better than a lot of sewage.....Just a few more weeks, your patience is much appreciated.

-Our next LTC Concealed Handgun Carry class will be hosted at our City Hall Feb. 28th. Last two classes filled up fast, so make plans to sign up soon. Separate email will be sent later this week with details. What says "I Love You!.. Happy Valentine's Day!" more than a License to Carry?...

-We are in the process of organizing and scheduling CPR classes, which we will also host at City Hall in the coming months in conjunction with our Village Fire Department, more news to follow shortly.

-Lastly, I am constantly amazed at how many of our residents still don't get these Vline notices as they've not signed up. If you have a friend or neighbor who you know has not, please, please get them to sign up at our website, it automatically gets them Police and Fire notices as well. Go to www.cityofhunterscreek.com and click on the link to get them signed up.

OK, that's it....Hang on.....Spring is right around the corner!

Jim Pappas
Mayor
