HELLO SPORTS-FANS, TIME FOR THE END OF SUMMER UPDATE!

-Back to school ads all over TV and in the mail....yuck.

-Pre-Season football starts.....yea.

-Halloween decorations in stores already....yuck.

-More than halfway through "H" season (not going to say the word) and not even a blip on the radar....yea.

-Longhorn attire coming out of mothballs and they're wearing it all over....yuck.

-Texas Aggies begin their drive to the 2020 National Championship....yea.

City Council is in the midst of compiling recycling info as promised and we will be having a Town Hall type discussion this fall to discuss options moving forward.

Beautification of the Beinhorn @ Voss intersection is moving forward. Matching Mast Arms/lights ordered, same as Memorial/Voss and project is budgeted for 2020. Gonna be great. Lindenwood/Memorial light is next and we're done.

Beautification of the Bridgewood St. greenbelt is almost complete, waiting on 2 benches and doggie water fountain and we're done, it's very nice, go for a walk.

We have completed our budget process and we're once again enjoying a totally balanced budget, all while maintaining our high level of service our residents are accustomed to....IF ONLY OUR STATE AND FEDERAL GOVERNMENT COULD DO THE SAME!

Hunters Creek Elementary demolition/rebuild scheduled to commence just after New Year 2020. This will be a mess in the middle of our Village for quite a while, but when complete will be a beautiful Gem in our midst for many years to come. SBISD has been great to work with throughout the planning of the new school, and we've had a lot of input from me, our staff and many residents/parents as to aesthetics and building plans to insure it's a great fit on Beinhorn.

Lots of late summer fruit and vegetables at the Farmer's Market coming in. Go get some this Saturday, as always. New food vendors as well, it's great!

License to Carry and CPR classes to begin at City Hall in September, separate notices to follow.

The Beautiful Pavilion at City Hall is ready for your Halloween party, Birthday party, Team party, whatever you want and it's free! Call Jessica at City Hall 713-465-2150 to schedule now before the Holiday rush.

As always, I'm available to give a brief "State of the Village" and Q&A talk to neighborhood meetings, street parties, whatever you're having where neighbors gather. Call me if you want to be bored.

Remember: You are the eyes and ears of our Community. Our Police depend on us to let them know when something looks suspicious or just not right. It's much better to call and give them a "heads up" as to something going down, than to call them after a crime occurs. No call is too small.

Remember: Our City Building Official and City Manager are always available to look at plans and discuss options/rules that we have regarding home improvements and construction issues. There have been reports of individual, relevancy seeking residents, "claiming" to be in authority to approve plans and discuss setbacks, etc. as they pertain to a specific neighborhood, especially with new residents. If you have any question regarding such, please call Tom or James at City Hall, 713-465-2150. They will tell you what's up and save you time, headache and potentially money. They also know where active HOA's are (not many) and their rules that may apply to you.

Hottest week of the year upon us, but cooler weather will be here before you know it. Get out there and enjoy the last week before school starts and the madness begins....

Mayor Jim Pappas
