READY TO TALK SOME TRASH??

Please join us at the **Chinese Baptist Church** on Brogden, just north of City Hall on **Tuesday, October 15th @ 6:00 pm** to discuss our trash and recycling programs.

We will have our WCA trash representative there to “clean up” some of the rumors and give us the truth about recycling; what we’re paying for and what we should do moving forward.

While our Council are all good stewards of the Environment we also have to be good stewards of our Tax dollars, so come join us so we have a clear path moving forward on this important issue.

So speak up now or forever hold your Trash....we’ve been discussing this for years and now’s the time to let your thoughts be known as our contract is expiring soon.

Jim Pappas, Mayor
